DESIGN ASSETS
Below you’ll find an assortment of design files to be used on and offline.

- **Printed Boards**: We recommend printing 30 x 30 double sided boards using these design files to be used at your regional dinners. Use them as per the examples provided here in order to gather content for social media and post event outreach.

ICONS TO OUTCOMES

Here you will find the assets depicting the Goal 2 & 3 ‘outcomes’. Given the various formats provided, these can be used across social media, at events, online and internally. These assets compliment the Numbers in Action film from slide 2.

- Animations: https://wdrv.it/1966c615d
- GIFs: https://wdrv.it/30b3df41d
- Infographics: https://wdrv.it/edb35e94e
- Posters: https://wdrv.it/22ef4e543

Alternatively, visit this webpage to find these assets and download other Icons to Outcomes for ALL of the various Goals: http://www.globalgoals.org/outcomes/
SOCIAL MEDIA

Here are the GIFs to accompany our Zero Hunger film which can be shared on Instagram, Facebook and Twitter! We have provided copy alongside each GIF which highlights the theme of the film and compliments the imagery, and we have also provided ‘clean’ edits for the various language versions in order that local markets can input the correct translations.

1. By taking just 5 steps, we can end hunger by 2030. Find out more at www.wfp.org. #HealthyNotHungry

And finally, alongside our film, GIFs and design assets, we’d like to continue the Zero Hunger theme with some further social media assets of varying formats which can punctuate your content calendar.

Below you’ll see links to static imagery taken from the original creative so that you can focus on any of your preferred messaging.

  Additionally, here is a short and simple tutorial on boomerangs – a fun video alternative to encourage partner and colleague participation globally!

  **Step 1:** Download the ‘Boomerang’ app from the App Store (you will need the ‘Instagram’ app as well).

  **Step 2:** Allow Boomerang to access your camera and photos.

  **Step 3:** Hold down the round camera button on screen as your model turns the double sided Goal board ONCE (see slide 5 to download and print your Goal boards).
THANK YOU
We look forward to seeing your activity on and offline!
